

AppSource Licensing App

Who is it for?

AppSource Licensing App is a helping hand to all partners who want to manage the access to their extensions published on Microsoft AppSource. With this licensing platform, you gain control over your apps usage and secure your investment, managing all extensions for Dynamics 365 Business Central. AppSource Licensing App enables you to determine the license validity. Once a trial period is over, the users will not have access to the app.

It is a perfect tool for:

- Microsoft Dynamics 365 Business Central Partners, publishing extensions on AppSource
- Independent app developers or publishers who want to protect their extensions from unauthorized usage.

The solution is easy to implement and use and it will help you with the licensing of your extensions for Dynamics 365 Business Central.

AppSource Licensing App is available on Microsoft AppSource.

How will you benefit from it?

A woman with long dark hair is seen in profile, looking at a computer monitor. The monitor displays a software interface with various panels and text. In the background, other office workers and computer monitors are visible, creating a professional office atmosphere. A blue semi-transparent banner is overlaid on the top left of the image, containing the main heading.

Features

- Keeps track of license status
- Automatic checks of the license validity
- Helps you prevent unauthorized software usage of subscription and perpetual licenses
- You can register apps and set their trial periods; extend, renew, or terminate licenses
- Easy to use extension built for Dynamics 365 Business Central.
